## TRADITION WITH A TWIST

**St. Ermin's Hotel** adds a dash of decadence to tradition, partnering with British gin maker Hendrick's to offer the "Hendrick's G & T(ea)." Served from 1 to 5 p.m. in the hotel's library or al fresco on the tree-lined Caxton Terrace. The two tea-inspired cocktails include the "Marvelous Marteani," combining Hendrick's gin with elderflower, white cranberry juice, and a choice of cucumber or peach caviar pearls, and the "Curious Cuppa," Earl Grey infused Hendrick's gin, rosewater, crème violet and a side of champagne. The tea includes a selection of savory and sweet treats, from fresh-baked scones with clotted cream and homemade jam to lobster quiche and cucumber sandwiches.

A four-star deluxe hotel, St. Ermin's is located in the heart of central London, walking distance from many of the city's top attractions. [sterminshotel.co.uk](http://sterminshotel.co.uk)
